Kamehameha Schools is committed to the use of technology to support learning in and beyond the classroom and has invested in the technology and infrastructure for a one-to-one computer program learning environment. All students are assigned an Apple laptop or iPad with a customized software package to support the secure and robust integration of technology for students at every grade level. The equipment and technology maintenance costs associated with this program are included in the cost of tuition.

Every student at Kamehameha Schools receives financial assistance through a subsidy that covers approximately 75-80 percent of total program costs. Although the cost of your child’s K-12 tuition constitutes a smaller percentage of the overall cost per student, Kamehameha also offers financial assistance to eligible families who are unable to cover the cost of tuition. To learn more about eligibility requirements or to complete a financial aid application, please visit our Financial Aid and Scholarship Services website at www.ksbe.edu/finaid, call toll free at 1-200-842-IMUA (4682) extension 48080, or directly at 808-534-8080.
